

Joy
SPORTSWEAR

In order to expand in Europe, we are looking for a

Distributor

for Norway

As a medium-sized company based near Nuremberg, Germany, Joy Sportswear has made a name for itself as basic supplier particularly in the segments of fitness, exercise, yoga and leisure wear. As the market leader in terms of quality in these segments thanks to a unique pants and fit concept including short, regular and long sizes, we are also planning to develop the market in Norway.

For this reason we are looking for a distributor for the Norwegian market as of now.
